## EXPERIENCE

- **Group Software Development Engineer 1 – Frontend** Bengaluru, KA  
*DP World* December 2025 – Present
  - **Delivered Key modules in Phase 1 release of In House ERP Project:** Developed key modules like Purchase orders, Quotations, and Reports. Reduced existing code redundancy and made structure config driven.
- **Software Development Engineer – Frontend** Pune, MH  
*Bajaj Finserv Health Limited* July 2022 – December 2025
  - **Delivered v23.2.2 Production Release of AI-Koot global care app:** Migrated entire app to v2 APIs, developed multiple modules ensuring RTL layout, and solved device-specific bugs to ensure seamless delivery.
  - **Revamped Product Configuration Journey:** Reduced product configuration time by 60% by redesigning the frontend experience with dynamic forms. Explained the technical complexities to both technical and non technical stakeholders.
  - **Developed 10+ Tailored pixel perfect Reusable Component Library:** Improved UI/UX consistency across modules by introducing reusable React components with a focus on accessible and responsive design standards
  - **Led Takeover of Vendor-Developed Frontend Portal:** Performed frontend codebase deep-dive, knowledge transfer, and set up CI/CD pipelines for internal ownership, enabling feature delivery within two weeks.
  - **Developed pixel perfect Smart Reports UI:** Created Health Data Insights dashboards using React, enhancing accessibility for 2+ lakh users and increasing engagement by 25%.
  - **Built GenAI-Powered Document Viewer for Health Records:** Designed an intelligent interface to parse and visualize health documents (e.g., prescriptions, lab reports) with NLP and Gen AI powered summaries, smart highlights, and previews. Handled 1+ lakh documents/month, improving efficiency and trust in sensitive medical data.
  - **Developed key modules in Health Saathi portal:** Built agent-facing portal for handling customer complaints and streamlined workflows.
  - **Integrated 40+ Firebase events across 6 journeys:** Enabled product analytics and insights on critical user journeys, improving decision-making.

## PROJECTS

- **KisanSamadhan.com**
  - **Achieved 100,000+ Downloads on Play Store:** Solely developed and maintained a widely adopted Android app serving farmers with real-time support and content.
  - **Version 3 Enhancements:** Integrated Firebase Crashlytics, Cloud Messaging, Firestore Database, User Authentication, and Google YouTube Data API v3.
  - **Database Optimization:** Reduced database calls exponentially by utilizing local storage for improved performance.
  - **Version 2 Overhaul:** Migrated the entire app to the Flutter framework, improving navigation and load times.
- **Bazaar Haat - Multi Vendor E-commerce Solution**
  - **Customer and Partner Onboarding:** Designed and implemented seamless onboarding journeys for both customers and vendors.
  - **Push Notifications:** Integrated real-time push notifications to improve user engagement and transaction updates.
  - **Product Cataloging:** Developed a scalable catalog system supporting diverse product types and metadata.

## SKILLS SUMMARY

- **Languages:** Javascript, Typescript, HTML 5, CSS 3
- **Frameworks:** React JS, React Native, RESTful APIs, Tailwind CSS, Node JS, GraphQL, Shadcn UI, SDLC, TDD
- **Tools:** Redux, Context API, Git, CI/CD, Docker, Babel, Unit testing, Jest, WACG 2.1 AA standards, Webpack
- **Soft Skills:** Leadership, Project Management, Writing, Agile/ Scrum, Stakeholder communication, Knowledge sharing
- **Other Tools:** Cursor AI, Claude AI, Git, Lighthouse, Gen AI MCP Servers

## VOLUNTEER EXPERIENCE

- **Co - Lead at Google Developer Student Clubs UIT RGPV** Bhopal, India  
*Conducted online and offline technical training impacting over 1000 students.* Jan 2019 - Jan 2022

## EDUCATION

- **University Institute of Technology, RGPV** Bhopal, India  
*Bachelor of Technology - Information Technology* July 2019 - June 2023  
*Courses:* Operating Systems, Data Structures, Analysis Of Algorithms, Artificial Intelligence, Machine Learning, Networking, Databases
